In Memoriam

Beatrice Forpoh – Beloved Last Mile Health staff member Beatrice Forpoh passed away on March 1st, 2017 leaving behind a loving family and countless admiring friends and colleagues. Beatrice will be remembered for her radiant positivity, her dedication to the health of our patients, and the indelible contributions she made to our Quality and Innovation Team. Through the generosity of our partners, we established the Beatrice Forpoh Memorial Fellowship in her memory to afford clinical staff an opportunity to pursue further education. Co-founder Alphonso G. Mouwon, who was among Last Mile Health's first cohort of CHWs in 2007, is the first recipient of the fellowship. Alphonso is pursuing a bachelor's degree in nursing from the Adventist University of West Africa.

Prince Waylee – We also remember the lifesaving work of CHW Prince Waylee of Konobo District who passed away on February 25th, 2017. Prince was amongst the CHWs in Konobo who together served to establish a new paradigm of what's possible in delivering healthcare to Liberia's last mile. Prince's heroic commitment to the betterment of his community will be felt by generations of Liberians to come through his lasting legacy on the National CHA Program.

Nancy Koppelman – An early advocate for our work and a cherished member of the Last Mile Health family, Nancy Koppelman passed away on May 26th, 2017. Nancy co-founded the Global Neighborhood Fund, which has generously supported Last Mile Health and other organizations in Liberia for more than seven years. She will be remembered as a loving friend and an outspoken advocate for social justice by the countless people whose lives were touched by her warm and generous spirit.
